

BUILDERS BULLETIN

MONTHLY EDITION

A MESSAGE FROM THE PRESIDENT

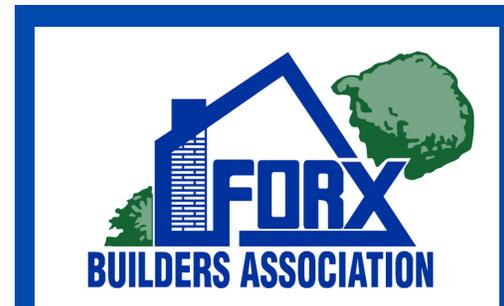

MIKE SALWEY

Happy summer everyone!

This letter has come a little later than I would have liked, but the scenery around the Forx Builders Association has been constantly changing as of late so I wanted to find a time where I could share what's been happening.

First, I would like to formally announce that Stacy Hanson, our Executive Officer, has given her notice to the board that she intends to start a new career path as of late June. She has been helpful in the search to find a replacement and will hopefully be able to provide some valuable training should we find the right candidate prior to her departure. Stacy has been an integral part of this association for the past 5 years, and we wish her the best on her new adventure. We will still see her at some FBA events and hopefully even on a committee eventually. I hope to be able to introduce a new EO in the next newsletter, or in an impromptu letter should we find one very soon.

A MESSAGE FROM THE PRESIDENT, CONTINUED...

The next big piece of news comes from Northland Community & Technical College, as they have abruptly decided to end the project house partnership with the Association. This is permanent and there was no room for discussion, so we were all taken aback by the news. The board has met at unusual times to discuss new projects to replace the home project, and I hope to share more news about some upcoming ideas by the time the next newsletter is published.

We are fast approaching our next big event, the Annual Clay Shoot, on June 20th. Be sure to get your teams registered if you haven't already! I will be at the dinner should anyone want to catch up on current events in person.

Coming up next for the Builders After Hours, we have ChiroRx hosting on Thursday, June 8th, from 5-7pm. I hope to catch a lot of you there that evening. On July 20th, Shea's Nursery will be hosting the BAH from 5-7pm.

See you soon!

Mike Salwey

NEWS UPDATES

LOCAL, STATE AND NATIONAL ISSUES

Highest Paid Occupations

Half of payroll workers in construction earn more than \$54,540 and the top 25% make at least \$77,030, according to NAHB analysis of the latest data from BLS's **Occupational Employment and Wage Statistics** (OEWS). The OEWS publishes wages for more than 406 occupations in construction. Out of these, only 58 are construction trades. Among construction trades, elevator installers and repairers top the median wages list, with half of them earning more than \$100,480 a year and the top 25% making at least \$123,020. Rock splitters/ quarry are next on the list, followed by first-line supervisors.

Tobin Takes the Helm as New CEO of NAHB

NAHB has named Jim Tobin as the association's new president and chief executive officer. Tobin, executive vice president and chief lobbyist at NAHB, will succeed outgoing-CEO Jerry Howard, who is leaving NAHB after more than 30 years. Tobin assumed the post effective June 1. Tobin joined NAHB in 1998. In his role as EVP, government affairs and chief lobbyist he directed the federal, state and local lobbying, as well as political activities for NAHB. He also guided the activities of the association's political action committee, BUILD-PAC, and grassroots network. Before becoming NAHB's chief lobbyist, Tobin was NAHB's vice president for federal relations. Prior to NAHB, he was senior legislative assistant to former U.S. Representative Frank Riggs (Calif.) and former U.S. Representative Gary Franks (Conn.). Tobin will be based at NAHB's headquarters in Washington, D.C., where he will lead NAHB's more than 200 staff. The CEO is also part of NAHB's national leadership team, which includes the Senior Officers of the Board, who are elected annually by the Leadership Council.
